Underwater Camera

Swimming WA has obtained a mobile underwater camera unit for the purpose of pool deck analysis and stroke development. It provides immediate feedback to swimmers.

Club Members are eligible and encouraged to access the equipment from Swimming WA to utilise at club level. The camera costs \$150 per day.

Non Swimming WA members can request to use the equipment, with the cost of hire to be set on application.

Procedure for hiring equipment

Contact: sam@wa.swimming.org.au to secure a preferred booking time and a demonstration

Phone: 9328 45 99

Equipment will be released with simple instructions for the user to follow at the time of use. Swimming WA will provide a practical demonstration so user is fully confident of operating the equipment before hire.

Timing System

Swimming WA has recently purchased a wireless timing system which integrates with Meet Manager to record the times of your swimming meet. The system includes 8 scoreboards (one for each lane), scoreboard holders, 24 wireless stopwatches, a laptop including the timing program and Meet Manager, a printer, and a starting unit including horn, light and speaker.

Both club members and non-members are eligible to hire this equipment for \$500 per day. You will also be required to employ a staff member to help you set the equipment up and explain its use, unless you have become sufficiently familiar with the equipment, at a flat rate of \$250. This includes pick up and drop off.
